

American Legion Auxiliary
Department of California
Junior Activities – 2011 – 2012

Congratulations on your appointment as the District Junior Activities Chairman!

This year our Department President Linda's theme is "Hats Off to The American Legion Family Volunteers". Madam President asks that we choose a name for our Committee. We will be known as the Wranglers.

We are to encourage our Senior Members to promote participation in all areas of the Auxiliary programs within their Community and provide activities for all Wranglers (juniors).

We will promote Americanism and teach Leadership by participation in Flag etiquette; memorizing the Pledge of Allegiance, Preamble of the American Legion Auxiliary, the singing of the National Anthem or any Patriotic songs.

Encourage your Unit members to get involved in your juniors activities to keep them active in our organization. They are our future and we need them. It is solely up to us to keep them as members. Make sure you have fun things for them to do.

Further in the year, we will have schedule events for the juniors to interact with the young Sons of the American Legion.

Teach them the importance of being a junior member by teaching them the many programs of our Auxiliary.

We will have fun this year promoting the patch programs and how to earn each of them. They have so many ways to earn a patch. We have a very new patch that was implemented from a unit from the East; this patch is called the "TECHNOLOGY PATCH". Look forward for a great Wrangler year full of great information.

Please feel free to call me or e-mail me at anytime with questions or suggestions.

We will continue to push the sale of the Junior Activities tickets to help our juniors to attend the Junior Conference held in April each year.

Wantu Robinson
Department Junior Activities Chairman
