**2011-2012**  
Department Of California

Bulletin #2

December 2011

District & Unit Historians.

Thank You to those of you who have been sending in pictures of your activities this year. Some exciting things sure have been going on in the Department of California. It has been most helpful when dates and event have been labeled with the pictures. I appreciate you ladies who have been doing that.

In my previous bulletin I asked for a batch of photos/emails/discs of your activities to be sent in by midyear. So It's time to get those pictures in. We want to have some great photos for our Department President. There will be prizes for whoever sends in the most.

President Linda's Rodeo has been working its way to your local districts. As this Historian has not accompanied her, I am requesting photos from those districts who have had visits already.

Special Request: Some people have done this already, and it's a great idea that we should have more photos of. If you have any new PUFL Members this year. Send in their photos so we may honor them in our Department History.

Just a reminder: All written/picture books are eligible for Department awards in June. Not just the District book winners. This was a change made at Department Convention in June 2011.

I have a very short 6-question mid-year report that can be mailed or emailed to me.

If you are a Historian from the following Districts, I still need your name and contact information: 3,6,23,27,28.
