February 2012  
Bulletin

Yippee I O Ki Yea!

There has been a heap of telegraphs being sent back and forth back here at the ranch. We have almost worn out our telegraph keys and melted the telegraph wires. The Post Master, down at the General Store, has told us the cost postage stamps has gone up and the Pony Express does not stop here anymore.

**So as of February 1, 2012..... We are raising the shipping and handling fee to \$5.00 on all orders that are sent here to the Department of California.**

This way we can afford the string new wire and send a letter or two at the General Store.

Much obliged if you can help us out!
