Past Presidents Parley

Bulletin

April

We are coming down to the wire on getting the applications in to this chairman for the programs honoring our Member of the Year and the Women Who are Serving Active Duty in the Military. As of yet, no applications have been sent in. Thankfully, the applications for the Nurse's Scholarship are coming in quite well.

I hope that the information reached all, concerning the change in the chairmanship of this program and that none of the entries has been sent to Past President Shelby Hitch. Of course, they would be forwarded to this chairman but that would cause a delay.

Entries for "Unit Member of the Year," "Salute to an Active Service Woman," and "Nurse's Scholarship," are due to this chairman by April 15, 2011.

Promote the Nurse's Scholarship Program by giving a donation. It is a trying time for all but especially for the students who are striving to attain a degree in this area.

This Chairman is looking forward to reading the end of the year reports, due to the District Chairman no later than April 15, 2011.
