Still Accepting Reservations

The college campus can handle a few more delegates. Please check with schools in your community that are not being sponsored. Remember that the Girls State Alumnae Foundation is standing by to help pay for new school sponsorships. The application for scholarship was included with October Bulletin and can be found at the CA Girls State website.

Help the School Remember

The holidays are here and many schools are experiencing fewer school days and shorter hours. Students are busy preparing for PSATs, end of semester testing, and family gatherings. Stay in contact with the school. Be available to assist in the candidate selection. Be the *gentle* reminder.
