

## Song Contest

This year there will have a song contest. The rules are simple:

Take a familiar melody and change the words to fit your theme.

The theme may be a program or may be about President Norma's Island Theme.

You must however fit in the words, "Cherish the Past; Nurture the Present; Envision the Future"

There will be a First, Second, Third Place winner on both, the Unit, and the District Level.

First Place winners will be asked to perform their songs at Convention in Fresno.

Submissions must be sent to me by May 21<sup>st</sup> and can be sent to me via email, or snail mail. You need not send a tape or CD.
