

National Executive Report

Mid Year Report

January 20, 2024

Sacramento California

Good Afternoon Madam President Glenda,

As your National Executive Committee Person for the Department of California I have very little to report.

I have attended two (2) Executive Committee Meetings and have represented the Department of California as I should.

The first meeting was held immediately following National Convention, and the second was held in November 2023. These meeting were held as an Executive Session and under the strictest of confidences therefore I cannot disclose the content of these meetings.

This concludes my report.

Kathie Martinez

National Executive Committee Person
